VOLUNTEER HIGHLIGHT

We gratefully acknowledge the invaluable contribution of our volunteers at Boys Hope Girls Hope Colorado. Their dedication helps us in our mission of making a significant impact within our community. This month, we highlight the work of Volunteer Mary Beth Baer, who is a Board Member, provides food for our scholars, serves as the Young Professionals Liaision, and helps with ALL fundraising events.

Q. How long have you been a volunteer with Boys Hope Girls Hope and how did you get involved with the organization?

A. I have volunteered with Boys Hope Girls Hope for 3 years. I am on the Board of Directors and also help with fundraising events. I also provide food and snacks for the scholars after school programming. I found out about Boys Hope Girls Hope while my two sons attended Regis Jesuit. Their sport teams would take food to the Residential Homes. They were such wonderful young people that I immediately felt drawn towards the organization.

Q. What do you like most about volunteering with Boys Hope Girls Hope?

A. I continue to support the program because I believe in the mission. I want to foster the growth of young people involved in the program. The scholars of Boys Hope Girls Hope continue to amaze me daily. I am truly blessed to be able to participate in activities with the scholars and to watch their growth throughout the year.

Q. What is your most memorable experience volunteering with Boys Hope Girls Hope?

A. I love volunteering with the year end graduation celebrations. It is so rewarding to be part of the students' journey and watch them, their families, the BHGH staff, and the other guests celebrate all their successes!

Thank you Mary Beth for your volunteerism with Boys Hope Girls Hope of Colorado. Your energy, positivity and willingness to step in where needed is immeasurable and we would not be the same without you. We appreciate you!
